To Whom It May Concern:

I am proud to voice my support and encouragement for the **Us by Numbers** community mural projects created and produced by Doug Arnholter of Broad Ripple Art & Design. I have had the pleasure to know and work with Doug over the past few years and seeing the impact his work has had on the Indianapolis artist community is encouraging to say the least. His team brings professionalism, energy and creativity to every project and it is greatly appreciated by all of their creative partners. Because of his efforts, the message of organizations such as the Arts Council of Indianapolis and the Be Independent: Buy Indy Art movement have been shared with a broader audience and continues to become more accessible to the general public.

The Arts Council has offered our support by featuring **Us by Numbers** projects on our website and in print collateral and will continue to assist with calls for artists to help in the growth and integrity of this project. We look forward to future partnership opportunities with the **Us by Numbers** team.

Sincerely,

Shannon M Linker
